MP's Commitment to accountability

For the 11th consecutive year, to mark the anniversary of my election as your Member of Parliament, I present the 2022 St Andrew South Eastern MP's Annual Report.

In 2022, we resumed activities that were cancelled during the Covid pandemic period, including our summer camps, training programs and Christmas outreach activities.

As usual, throughout the year you can check my website www.julianjrobinson.com or follow/contact me on Facebook, Instagram and Twitter for project details and other updates throughout the year. Hard copies of this report are available on request.

In 2023, I will continue to represent your concerns and interests, both at the national and community levels.

A handwritten signature in black ink that reads "Julian Robinson". The signature is written in a cursive, flowing style.

Breakdown of expenditures to date for 2022 of the Constituency Development Fund

The St Andrew South East MP wants to know if the government plans to restore Vale Royal as it is the prime minister's official residence. - Contributed photo

At the expiration of 21 days, Prime Minister Andrew Holness is expected to divulge the short-term plans for the preservation and restoration of Vale Royal.

Given the "visible deterioration" of Vale Royal, Holness is also expected to indicate which government agency or department has responsibility for the maintenance and upkeep of the property and its buildings.

In questions posed to Holness, Member of Parliament for St Andrew South East Julian Robinson wants the prime minister to state whether Vale Royal is designated a national monument under the Jamaica National Heritage Trust Act.

I advocated for strengthening of the Whistle Blower Act

Whistle Blower Act needs strengthening – Robinson

Much more needs to be done to embolden persons working in the public sector to call out corruption whenever they come up on it during the course of their employment, according to Opposition Spokesman on Finance Julian Robinson.

Robinson bemoans ‘too many examples of bad governance’

Opposition lawmaker Julian Robinson is asking persons in the private sector and civil society to be more vocal about standards for good governance, even as he called for more qualified professionals to make themselves available to serve on public boards.

In his keynote address at Thursday's weekly meeting of the Rotary Club of Kingston, Robinson, who is also member of parliament for St Andrew South Eastern, said that such a move could enhance accountability and integrity in governance.

"We have had, particularly in public-sector agencies, too many examples of bad governance," he said, urging Rotarians to let their voices be heard.

Much work to be done

Noting the passage of the Public Bodies Management and Accountability (Nomination, Selection and Appointment to Boards) Regulations in the House last month, Robinson said there was still much work to be done.

I participated in a tour of the United Kingdom led by the Opposition Leader

- ▶ We held meetings with political and business leaders and members of the Jamaican diaspora in the UK

Workers in S.E. St Andrew were among the first to be paid using Jamdex, BOJ's digital currency

[Home](#) / [News Releases](#) / JAM-DEX facilitates Government Wage Payment Employment Generation (Christmas Work) Programme

Bank of Jamaica (BOJ) is pleased to announce the successful use of its Central Bank Digital Currency (JAM-DEX), as a means of payment to facilitate a critical segment of Government payments – the Employment Generation (Christmas Work) Programme.

As part of the National Roll-Out of JAM-DEX, BOJ in collaboration with members of the constituencies of North West St. Andrew and South East St. Andrew, the Constituency Development Fund and National Commercial Bank – Lynk facilitated the payment of wages and the conduct of transactions in JAM-DEX, by select workers employed in the Christmas Work Programme in December 2022.

The facilitation of the use of JAM-DEX for this Government programme involved the onboarding of 3 contractors, more than 100 workers and in excess of 70 small merchants to the Lynk app to facilitate the receipt of wages in JAM-DEX, and the spending of the digital currency within select communities. Merchants who were onboarded were primarily market vendors and owners of food shops, restaurants and bars.

HUMAN AND SOCIAL DEVELOPMENT

80 students are enrolled in a Youth at Risk training program being done with HEART Trust NSTA

This 8-week program offers training in in-demand vocational skills, with the first 2 weeks covering soft skills such as interviewing and conflict resolution.

80 students aged 17 to 29 are currently enrolled in the program; 40 at Excelsior Community College and 40 at International University of the Caribbean.

Those with successful assessments will receive HEART certification.
